

## Why Choose Me?

I am a mom first, photographer second! I know what its like to not have your kids smile or look when the camera flashes. I want YOU to have that smile or that special look as bad as you do. I understand the time and patience it can take to 'get the shot'.

Since I only book a few appointments a week, I am able to dedicate time to your studio session and processing / enhancements of your images.

I've been a serious hobby photographer since high school when I was year book editor and manager of the dark room. From there, I became a 'prosumer', taking classes and constantly learning. I realized I should go professional after leaving a professional photography session of our own. I have taken tens of thousands of pictures in my lifetime. I love 'creating' a portrait that leaves an impression! If I haven't done that, then I haven't done my job!

I'm constantly learning and studying and doing what it takes to be the best I can be! That's why, if you are not happy with the portraits or the shoot, I'll be happy to re-shoot your session for FREE!

Thank you for your time and consideration!

Sincerely,  
Christy Scheeler

Let's face it. No parent would turn down an opportunity to have a portrait created of their child that makes everyone say "WOW"! I'm sure you agree. That's why I opened PhotographyMom Studios.

I created a photography experience for others that I would want for my family.

Since I am a mom first, I only schedule a few appointments a week, therefore I dedicate a lot of time and focus to you.

PhotographyMomStudios offers...

- Own YOUR digital negatives - copyrights included
- Sessions that operate on **Kid time!**
- The studio that will 'come to you' with location photography!
- Creative Image Enhancements
- Custom Announcements / Cards
- Storyboards / Collages
- Portrait Clubs for Babies / Families / Birthday and Calendar Clubs!
- Seasonal Sittings for themed quick pics! (Fall, Holiday, Sessions with Santa, Valentines, Easter Bunny, etc)

.....and finally, a personal experience. PhotographyMomStudios is not a huge corporation, so you mean a lot to me. That's why I only schedule a few appointments a week. I want to always be available to discuss your needs for the sessions, enhancements, prints, or just about anything by phone or email.

AND, finally, if you don't like your portraits for whatever reason, I will retake them for FREE!

I look forward to capturing your memories soon!
